

K70IJ Smart Choice

The ASUS K70IJ notebook is designed to provide a no-frills computing experience to users while on the move. Powered by an Intel® Core™2 Duo processor, the ASUS K70IJ provides users with the muscle to enjoy cinematic audio and visual enjoyment for immersive entertainment anytime, anywhere in comfort and style.

Intelligent Power Management

The ASUS Super Hybrid Engine (SHE) consists of the Power4 Gear Hybrid application and the Energy Processing Unit (EPU). Power4 Gear Hybrid facilitates the deployment and usage of power according to the users' preferences in relation to the specific tasks that they need to perform, while the EPU accurately detects the users' power requirements and makes the necessary power adjustments.

Comfortable Computing Experience with ASUS IceCool Design

Designed to provide users with a comfortable mobile computing experience, the ASUS K70IJ notebook features the IceCool design, which boasts cleverly designed and positioned heat vents which keeps the palm rest cool, lower than that of the average human body temperature. ASUS IceCool design keeps temperature at palm rest area low even after long computing hours.
