Get more from every page with Duplex printing

Double your print output. Or, halve your paper costs. Either way you look at it; there is no denying that Duplex printing is an essential feature for both business and personal printing. It provides loads of cool and creative ways to fulfill print jobs, from single-sided formats to double-sided booklet formats, and really delivers a professional look and feel every time. The double-sided printing capabilities will also massively reduce costs and ensure that your paper supplies last longer. This then helps reduce waste, and minimises your impact on the environment. So, it is definitely a win-win situation with Duplex printing.

Being eco-friendly just got easier

Make hitting your environmental goals a whole lot easier with Samsung's new Eco Mode, which also includes a Results Simulator to check how well you are doing. The Eco Mode features a one touch Eco Button, which conveniently serves as your default setting once activated, and reduces paper consumption with Duplex printing, 2 or 4-up printing and a Toner Save setting. Thanks to the Results Simulator, you can really appreciate how much good work you are doing. The simulation shows levels of carbon dioxide emissions, electricity and paper usage. The Eco Mode is an easy and effective way of keeping track of your printer consumption – which is better for you and the planet!

It multi-tasks so you don't have to

Productivity is a key to running any office or professional workgroup. The ultra-versatile, fast-printing SCX-4729FD is designed to deliver productivity. Now you can print, copy, scan and fax with convenience, ease and speed. Why clutter a corner of your office with several different machines when all you need is one versatile device – the 4-in-1 SCX-4729FD laser multifunction printer.

Work better with Fast Speed printing performance

Print documents (small or large) quickly thanks to Samsung's Fast Speed printing, which is made possible with the 533 MHz CPU and 128 MB memory. Perfect for getting important work documents printed with high quality and zero fuss, the faster printing speeds will also help boost office productivity and enhance workflows. A reliable and superior printer like this will quickly become a must-have business tool - you'll wonder how your business ever functioned without one.

Connect with your colleagues

Connect everyone in your office to one network and keep everything running smoothly. They'll share a common printer and you'll save time from servicing multiple machines. And with the Ethernet interface you can increase your performance by hooking it up to the network. Improve your communication skills with the Streamline work with easy-to-use printers laser printer and keep your lines of communication open.

A top printer that's low on noise

From a company that knows its business, the new Samsung Streamline work with easy-to-use printers printer can work flat out at a mere 50 decibels, an office-friendly volume you won't be hearing our competitors shout about. With a standby volume of 30 dBA, it signals an end to colleagues having to scream to be heard, even before their printing has begun. Doors can stay open along corridors as the SCX-4729FD outperforms the other leading printers copy after copy.

Ideal for small, stylish spaces and busy places

Finally, your desk can look stylish because of your printer, not in spite of it. The Samsung SCX-4729FD laser printer has an elegant exterior design, sure to fit in with any workspace. Its top cover looks chic and polished while offering dust-free protection. Spiff up your space with a desktop accessory that actually helps you work better.

Capture what catches your eye

Samsung's AnyWeb Print software lets you go hunting and gathering on the Web. You can utilize the SCX-4729FD to easily select, drag and drop content from different web pages onto a printable scrap board in your browser window, all while you surf. It's the easy way to collect, arrange and edit those useful reference points and resources you can only find on the Internet for that big project ? or just for fun.
