

21.5" widescreen LCD monitor

- distinctive design
- high dynamic contrast ratio
- exclusive magic technologies
- low power consumption

This widescreen LCD monitor is energy efficient, using up to 50% less power than older models. You'll also get amazing images with a 15,000:1 dynamic contrast ratio, 1920 x 1080 HD resolution, and 5 ms response time. And with the swivel and tilt stand, you can be more productive by adjusting it to your own comfort level. The 2243SW is space-saving and simply stunning - with a beautiful black bezel and soft, rounded edges.

distinctive design

The slim design gives you plenty of room for all your computer applications and multiple images. Plus, the 2243BSWX is a perfect fit no matter where you enjoy it. And the soft, rounded corners with a rich piano black bezel add to its attractive design.

high dynamic contrast ratio

Every image is illuminated with a dynamic contrast ratio of 15,000:1. Brighter images are brighter, darker images appear darker, resulting in superior quality and amazingly detailed pictures.

exclusive magic technologies

It's now possible to set the display settings faster and easier than ever. MagicTune lets you easily adjust the monitor's brightness, color and image size in a convenient and accurate way. MagicColor enhances color while MagicBright³ automatically optimizes brightness, contrast and gamma correction, to help get the best picture quality.

low power consumption

SAMSUNG's new technology uses 40 to 50% less power than older models which saves you money on your electric bill.

high resolution

Full HD 1920 x 1080 resolution delivers breathtaking detail, sharp images and brilliant color.
