

## Canon Pixma MP560

---

From the Manufacturer At last – a compact, high-performance inkjet photo all-in-one with built-in Wireless and Auto Duplex Printing has arrived!! The PIXMA MP560 Inkjet Photo All-In-One Printer lets you easily print from anywhere around the house enjoying incredible 9600 x 2400 maximum color dpi with a minimum color droplet size of 1pl and a 5 individual ink tank system. So, you can print beautiful borderless photos up to 8.5" x 11" or crisp, clean documents and enjoy incredible quality.

*Print from anywhere in the house quickly and easily!*

The PIXMA MP560 Wireless Inkjet Photo All-In-One perfectly blends performance and convenience. Its built-in two-sided printing can save you paper and help the environment so you can be efficient and eco-friendly all at the same time. The new Auto Photo Fix II feature automatically adjusts and helps to correct your photos and you can preview images before you print on its built-in 2.0" LCD. Plus, quickly access and select the function of your choice with the Easy Scroll Wheel. Making copies? No problem. Dual Color Gamut Processing Technology enables your copies to maintain the integrity of the original. For the scanner in you, Auto Scan Mode<sup>2</sup> automatically recognizes the type of original you are scanning and saves it with the appropriate settings.

For added versatility, enjoy computer-free photo printing options via compatible memory cards<sup>3</sup>, USB Flash Memory Drives, PictBridge and optional Bluetooth devices.

## **Speed & Quality**

**Extraordinary Resolution:** Realize the power of 9600 x 2400 maximum color dpi firing with a minimum color droplet size of 1pl. The benefit? Incredible quality and detail in both your photos and documents.

**High Performance Individual Ink System:** These two genuine Canon ink cartridges contain specially formulated inks for great document and photo quality. One is a Black cartridge for laser-quality text and one is a multi-color cartridge for pictures. Both are easy to use and replace.

**ChromaLife100+:** This system combines enhanced FINE print head technology with select genuine Canon photo papers and inks for beautiful borderless photos that will last up to 300 years when stored in an archival-quality photo album.

*Print high quality pictures easily and quickly.*

## **Ease of Use**

**Keep It Green:** Built-in 2-sided printing can cut your paper usage by 50%, helping the environment.

**2.0" LCD Screen:** Easily view, select and edit your images for simple computer-free printing. No downloading needed, just pick your pic and print!

**Auto Photo Fix II:** This built-in technology automatically categorizes your images into one of five types - Portrait, Scenery, Night Scenery, Snapshot with Scenery, and Snapshot with Night Scenery - then applies optimal image and multi-zone exposure correction. So, unexposed areas of the photo will be optimized, area by area and faces that are backlit and under-exposed will automatically be brightened with correct color cast to help ensure more accurate skin tones for gorgeous images.

*Built-in two-sided printing can save you paper and help the environment.*

**Easy Scroll Wheel:** Easily and quickly access and select the various features available for faster operation.

**Auto Scan Mode:** Automatically recognizes the type of original you are scanning and saves it with the appropriate settings.

**Quick Start:** Powering up your printer is now faster than ever. After pressing the power button you can begin inputting commands in mere seconds. So, full operation is possible in a much shorter time.

**2 Way Paper Feeding:** To add to your options this feature lets you load paper from the front cassette or rear tray so whether your office or photo lab is open, you're ready to print!

### **Dual Color Gamut**

**Technology:** Copy with confidence as this built-in technology automatically optimizes your copy quality based on the type of original you're copying to help your copies stay true to it.

## **Connectivity**

**Wireless:** Be free of the wires that bind you... Print and scan wirelessly from any Wi-Fi enabled computer while you're in another room and create a wireless network with multiple computers working from one PIXMA MP560 Wireless Inkjet Photo All-In-One Printer.

**USB Flash Memory/Memory Cards / PictBridge & Optional Bluetooth:** Don't feel like using a computer? No problem. Just insert your compatible memory card into the built-in card slot, select images on the LCD display, and print!

Thanks to a PictBridge connection you can also print photos directly from your USB Flash Memory Drive, digital camera, DV camcorder or camera phone. Plus, you can print from a Bluetooth-enabled device using the optional BU-30 wireless Bluetooth unit.

***Print and scan wirelessly even when you're in another room!***
